

About

At Plixon, we bring to life the kind of tech that we, as geeks, tech enthusiasts and entertainment buffs, have always dreamed about. An Indian brand, offers a full range of LED, QLED, Smart, and Google TVs. We are on a mission to craft viewing experiences, making connection that spark joy and challenge convention. We are Plixon: Smartway to View On.

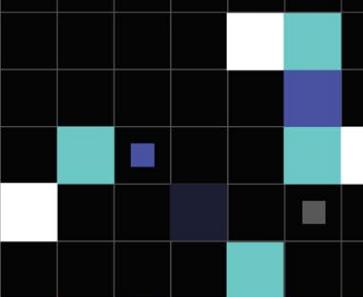

Value focused

We believe quality entertainment should be accessible to everyone, everywhere.

Plixon, was founded on a belief that everyone deserves the best technology for the best value.

Consumer led.

We're proud of our customer service and the positive product reviews we receive.
